Clean Air Kids!
Hi! My name is Scooter and my job is to teach kids like you about the Spare The Air program. Poor air quality can affect your health, as well as your pet’s health, but there are simple things you can do to help improve the air we breathe. Join me in my quest to help Spare The Air. Use this activity book to find ways you can reduce air pollution and make a big difference in your community! You can also become my friend on Facebook. Ask your parents to go to my page www.facebook.com/scooterthesparetheairdog and start following me for more fun!
Can you find the differences in these two pictures?

Circle all **Eight** differences

I love doing my part to help improve the air we breathe. We need your help! Look at the two pictures on this page and circle the differences on the picture to the right. Together we can Spare The Air and make a big difference!

Answers: Balloon stripe, mini balloon, cloud (left), cloud (right), flower petal, paw print, Spare The Air sign, Scooter’s nose.
Do you know where air pollution comes from?
